- Used Boat Specials

Canoes & Kayaks Major clearance

With each year, there are new opportunities. At Ketter Canoeing, we have one of the largest inventories in Minnesota of Current Design Kayaks. Well, of the country, I believe we are in the top 10. That being said, it is not unusual for us to have a number of kayaks that are older models. We discount the used and older (but still new) canoes to keep our inventory fluid. So, take advantage.

And remember, EVERY DAY IS DEMO DAY. We are located on the river and we bring in new clean flowing water every day.
